**Windy Area? Big Mac Furniture is great!**

These home owners built their new home to maximise views but unfortunately wind often comes with views! As they already owned Big Mac Furniture for their Holiday Home – they knew that they wouldn't be chasing their furniture round the section if they purchased more Big Mac Slabs Furniture.

**Plimmerton School Landscape Project**

Plimmerton School have just created an interactive garden for the students to play in with the help of Landscape Architect Linda Kerkmeester and Landscaper Terry Johnston of Distinctive Home & Landscape Ltd. Large Block Seats feature in this project for climbing and sitting on with pathways of rounded pebbles to create a riverbed look.
