Engraved Seats

Engraved seats are currently very popular for Gifts, Remembrance, Service & Weddings. They are also a great way to get sponsorship of furniture for clubs & schools.

Summer Safety

As we all live outdoors a great deal more this time of year sun protection and security are key issues. At our Plimmerton site you can get information and see examples of Warner Fencing and Watermelon Shade Sails to keep the kids safe.

Furniture also needs protection from our High UV rays – if your furniture is over 2 years old it is time to think about adding an additional coat of our Elastocure to the surfaces that have high sun exposure.
If you have any cracks appearing – touch them up with the test pot you received with your furniture or email us for another testpot.

Oval Settings have a communal atmosphere & are very popular this summer and can be configured to suit your requirements.
Talk to the Team about your space!

PRICE INCREASE!

As we haven't raised our prices in over 2 years, we can no longer absorb our rising costs of fuel, GST and materials costs. Prices will be going up on 1 March 2012 so if you have been thinking about something – order it by 29 February!
