

Autumn 2018 Commercial Newsletter

www.bigmacslabs.co.nz

As NZ has 15% of the population over 65 and by 2032 there will be more in this age group than under 16 the Government has indicated that we need to provide more support to the senior sector.

Having worked in the Retirement sector for some years, our team has a good understanding of senior needs and has products to assist, such as the Park Benches above & table below.

Considering our environment & sustainability is at the core of our business so we are well equipped to assist you with your future projects.

Indoors or outdoors - if you have a design in mind – talk to us about how it can be a reality!

If you are looking for inspiration – check out our website or email us for brochures on specific markets.
