

Autumn 2018 Retirement Newsletter

www.bigmacslabs.co.nz

As NZ has 15% of the population over 65 and by 2032 there will be more in this age group than under 16 the Government has indicated that more support is needed in the senior sector. This also means growth for the industry.

Having worked in the Retirement sector for some years, our team has a good understanding of senior needs and has products to assist, such as the Park Benches above & table below. Swing Seats are also popular for their calming influence.

Considering our environment & sustainability is at the core of our business so we are well equipped to assist you with your future projects.

Indoors or outdoors - if you have a design in mind – talk to us about how it can be a reality!

If you are looking for inspiration – check out our website or email us for brochures on specific markets.
