

Winter 2018 Education Newsletter

www.bigmacslabs.co.nz

Child wellness is a big priority to the Government and indeed all New Zealanders, so our sector needs to encourage children to be more active and set life patterns like drinking more water, exercise and eating healthy.

Outdoor Activity Tables

Outdoor Learning area's have proven to assist children with attention issues. They are also excellent for helping them appreciate natural environments.

School Gardens

There are a number of organisations that will assist in funding for school gardens to encourage children to eat fruit & vegetables & outdoor play. Kids love getting involved with this.

Celebration Seats

Children in their last year of school often like to fundraise for a seat to leave a legacy.
